**Comments instructor or course**

She helped me learn thing last semester I was having trouble understanding.

She is a good instructor. She helps to the best of her abilities.

Mrs. Schiffecker is a really good teacher and I'm glad that I got to spend my sophomore year leaning a language that I always wanted to. She is very good at here job and she is always so helpful. Even if its not just a coursework question and I just want to know about German/Austrian culture she always goes out of her way to interact with me. She gets you excited about learning a new language.

Mrs. Schiffecker has been one of my favorite teachers here at Texas Tech. without demanding or forcing terms and vocabulary down our throat we have learned quite a good deal in my opinion and most importantly she inspired us to enjoy it. I doubt you have many teachers on your payroll that can turn an uninterested student into one that craves more and inspires them to learn more on their own time but she is one of them and i hope this university recognizes that ability over something like test scores that mean little when a student hates the subject. anyone can hand out a work sheet or give us homework but she made this an enjoyable experience and i am taking her class next semester because of that. she was seriously great.

She is an amazing teacher. She is able to engage us as students and making the lessons enjoyable as well as memorable.

An amazing teacher that met all the course objectives and went the extra mile to make German easier an more fun to learn

Sarah always had a smiling face and made the class energetic. Whatever she's getting paid it isn't enough for the effort she puts into making class exciting and interesting every day. Only note was I wish this class could have had more speaking one on one with someone fluent so I could actively learn how to say something while being corrected. Not something Sarah could have done often without stretching herself too thin. Great course and one of the best teachers I've had.

Sarah is a wonderful teacher that tries her hardest to make every day enjoyable for the students while teaching. Very understanding and goes above and beyond to do her job. Tons of help with homework and frequently enunciates words in German so you know the correct way to say something. Makes the day with her pleasant demeanor.

A really wonderful teacher, her teaching style is different, but in a great way. Made the class feel like more of a home then a class.

Sarah is by far the best teacher I have ever had during my time here at Texas Tech. She made the class an amazing learning environment and helped us believe that we could learn a new language.

Sarah is the best! She and Dylan Lewis are seriously the only reason I want to continue on with German!

you rad.

Excellent instructor

Sarah was a very good and effective instructor. I highly recommend her to anyone wanting to learn German.

Overall, Sarah Schiffecker made a course that should be difficult, pretty fun and easy to learn. She was always answering our questions and making sure we understood the lesson.

She was an amazing teacher that made learning a difficult language easy and fun. I would definitely take her class again.

Best instructor ever.

Sarah is a fantastic teacher and she really cares about what her students get out of the class. She has a great personality which makes her class even more enjoyable.

I loved taking this class, the teacher was patient and incredibly helpful. The professor has a strong grasp that she isn't the only class students are taking but still promotes in class and homework.

This course was extremely hard to keep up with. There is so much work the course feels like a high school course.

I loved this course! I feel very confident in my German skills, both in writing and speaking/listening! It made me a better performer and has spurred an interest in the language I did not have before taking 1501 and 1502

I really enjoy her class and still irritated losing lectures for both spring 2020 and her summer class in Summer 1.

A very good instructor. Humorous, an effective teacher, the only issue is classroom control. Often times when the instructor, and a student is presenting, there are certain people who are speaking quite loudly, being quite distracting. Unfortunately, nothing is done about that, when it really should be.

Sarah is the Best! :)

She's absolutely fantastic at her job I learned a lot

Sarah is AWESOME! She makes the course objectives known and clear, and she has a great way of making class fun!

I love Sarah! She is so funny and outgoing. She makes me want to go to class!

Sarah is AWESOME! She repeats what she is saying in German and also translates it to English, making it way easier not only to understand what she is asking of the students but also for the students to pick up on German vocabulary and grammar.

Sarah is an amazing professor that works with the students to make sure that they get their work done. She is very understanding and approachable. Out of all of the classes that I have taken at Tech, this has been one of my favorites and I truly believe that Sarah had a lot to do with that. I can't wait to have her for GERM 1502 next semester.

Sarah is an amazing teacher who cares about her class and her teachings.

Fantastic teacher! She keeps it fun but also keeps the learning going!

Sarah is a wonderful instructor!

Ms. Schiffecker did a great job of introducing me to the German language. I can't wait to learn from her next semester.

Sarah is one of the best teachers I've ever had. She is so passionate about teaching and she truly cares about her students. I hope to keep in touch with her after I graduate!

I don't think the online portion really helped me understand the language at all, if I had not had the in-class experience I would not have learned anything.

I really enjoyed this class, it was well taught and made learning German fun and easy. My only critique is the online portion through Pearson (My German Lab) which had several technical issues over the semester. Luckily, Sarah was very understanding and helpful.

Great professor, outstanding teaching and communication

She offers a diverse array of learning strategies and opportunities that allow all students to do their best in her class. She works well with students both as a group and individually. She teaches in a more casual style that is not normally seen in other classrooms including a more lax outside work curriculum. However, she does successfully hold students accountable for all their work and sets appropriate boundaries. All-in-all she provides a comfortable and productive learning environment that lacks many of the stresses found in other classrooms. 10/10

Very nice and engaging with students! She cares about every student and tries to learn more about us every day.

She gets to know every student individually and genuinely cares about our grades and concerns in class

She is super nice and understanding!!

Amazing class atmosphere, great teacher

Sarah Schiffecker is one of the best language teachers I have ever had. She used many different types of medias, projects, and homework assignments to teach. This not only made the class interesting but challenging too. I was so sad to find that her 1502 class had already filled up as I hoped to take the course with her.

Sarah is a great instructor.

I loved Sarah. She made all the lessons clear and fun to learn which helped me learn the language much more.

Love Sarah! She has lots of great energy and I like the way she structures her class time. Ich habe viel Duetsch mit ihr gelernt. I'm excited to learn the language more next semester.

Best language course I have taken so far.

Excellent teacher, teaches in a way that makes learning the language unexpectedly quick and easy. Highly recommend Sarah!

Wonderful professor, class was fun and engaging, too bad COVID happened :(

The class applied lessons and knowledge from the book in an understandable format and the professor was patient with everyone. I put my full support behind any positive recommendations for this class!

Very friendly and enthusiastic about teaching the course.

Very helpful and friendly. Clearly motivated to actually teach and assist students throughout the semester.

Best Professor

Good instructor and lessons

I enjoyed Sarah's teaching. She focused on learning, which, unsurprisingly, made me learn the language better. Many teachers focus on strict practices in their classrooms. Sarah's approach allowed for more conversing in German, without the insane pressure that one would expect in a language course. Thus, I spoke more German, and found myself enjoying the language. One does not learn a language from tests, quizzes, etc. They learn from speaking it. Sarah gave me a chance to speak German.

### COVID-19 Comments

Irritated because I lose some understanding without lectures due to my brain damage.

I would have preferred more regular meetings, it was very hard for me to keep up at the end

The professor expertly transitioned online and was able to retain the demeanor and course goals without much loss. The course is definitely not as effective online, but I am appreciative of the professors flexibility.

N/A

Language courses are terrible online. This is no fault of the instructor or course. Online communication is not refined enough to compensate for in-person conversations. This compounds with the necessity of body language, another element not properly conveyed digitally.

### Distance learning comments

Best Professor I have had at Texas Tech University.

The instructor was very understanding and knowledgeable, but the vast majority of assignments seemed to be "busy work" that did not help me understand the subject. That would not normally be a problem, but the sheer amount of work was extremely difficult to keep up with especially with taking other summer courses.
